Ms. Joan Borucki
Office of the Director
Department of Motor Vehicles
2415 1st Avenue Mail Station F101
Sacramento, CA 95818

Dear Ms. Borucki:

I am pleased to inform you of my decision to designate your "DMV Portal" project as one of the foundational projects in support of the development and implementation of a sustainable portal for California's Executive Branch. I am making this designation pursuant to Goal 1 ("Make Government Services More Accessible to Citizens and State Clients"), Objective 2 ("Develop a New State Portal"), of the *California State Information Technology Strategic Plan*.

As you know, by virtue of this designation, DMV staff will coordinate the development of the DMV Portal with the State Portal Steering Committee and with the portal enterprise architecture that will be developed under the Committee's supervision. That architecture is intended to facilitate rapid, cost-effective development and implementation of web-based services to the public and to establish shared services and functions that can be leveraged by other state agencies. I applaud your willingness and your staff's efforts to consider how to advance the Executive Branch's overall interests while, at the same time, meeting DMV's important business objectives.

I look forward to working with you and your staff on this critically important project.

Sincerely,

J. Clark Kelso
